

AMUSE BLANC

Served Best at
8-10° C

Alcohol
12.5%

Soil
Sandy loam to clay loam

Vineyard Slope
3 - 5%

Production / Stump
1.9 kg/Stump

WINE CATEGORY: White dry

GRAPE VARIETY: 100% Malagouzia

GRAPE ORIGINATION: Muses Valley, on the mountain of Elikon in Central Greece

INSPIRATION: One of the Muses who lived in Muses Valley

CLIMATE: The climate is characterized by mild, wet winters and dry summers, with long periods of sunshine.

VINIFICATION: Cold skin contact for 10h at 8°C in an oxygen free environment and then cold fermentation at steady temperature at 17°C

WINE CHARACTERISTICS: Bright, with golden hue and aromatic complexity of exotic fruits & white flowers, typical characteristics of the well-known variety. Light, refreshing and playful, with a very pleasant acidity and elegant aftertaste.

HARMONY: Greek & Mediterranean cuisine, fresh seafood, white meats, pasta with soft sauces, fresh salads with seasonal herbs or even better and plain but at the right temperature.

VINEYARD: The soil is fertile, with mixed composition ranging from sandy loam to clay loam thus offering the possibility of producing wines of exquisite quality and rich aromas. The microclimate of the region is characterized by cold winters and warm summers, while a small river called Permisos contribute to the existence of a mild continental climate.

VINEYARD SLOPE: The vineyards are located at an altitude between 450 and 550 m and have a slope between 3 and 5%

VINE-GROWING: We cultivate our vines according to the principles of integrated agriculture, which ensures protection for the environment, the consumer and the people working in the fields. Most of the varieties are planted in linear vineyards trained in double cordon royat. We plant all of our vines in densely planted rows, a technique which results in lower yields per vine and, therefore, higher quality grapes

AGEING: Unoaked

SUGGESTED DRINKING WINDOW: 2-4 Years
